

Pattern F104

Embroidery Free-For-All

Stitch your own Free-For-All tree ornament (or bookmark), as discussed in the Funk & Weber World blog post here:

<http://bit.ly/FWChristmas-tree-pattern>

Here's a tree outline to get you started.

Backstitch the tree outline on fabric.

Using 2 or 3 strands of floss, stitch straight stitches every which way, overlapping, heaping, and smooshing together to create randomness and depth.

Stitch star also with random stitches or as an eyelet.

Decorate tree as desired with satin stitch balls, beads, chain stitch garland, French knots, etc.

This pattern may not be copied or distributed without written permission from Funk & Weber Designs.
